### Objective:

To outline eligibility criteria for the provision of the Grand Erie District School Board (Grand Erie) provided transportation services for Grand Erie students.

### Policy Statement:

As a participating member of the local transportation consortium, Student Transportation Services Brant Haldimand Norfolk (STSBHN), Grand Erie provides transportation to pupils of the board who meet the home to school transportation eligibility distances and to students where transportation is warranted, due to one or more factors, which may include for physical, mental or emotional reasons, areas which prohibit safe pedestrian travel and as determined by Board motion.

Grand Erie acknowledges that there are specific or exceptional situations that warrant consideration of requests for transportation for students who are not otherwise eligible.

### 1.0 Transportation Eligibility

- 1.1 For those students who reside within their registered school's catchment, the Grand Erie will provide transportation to:
  - rural students
  - elementary school students in urban areas where the distance from home to designated school, or access point to the school, exceeds 1.6 kilometers
  - secondary school students in urban areas where the distance from home to designated school, or access point to the school, exceeds 3.2 kilometers
  - other students who may qualify under *Courtesy Student Transportation*
- 1.2 Kindergarten to Grade 12 students, who are eligible to receive transportation, may be required to walk up to 0.8 kilometers to reach their assigned bus stop location. The distance is calculated based on the shortest distance on a safe walking route, between the student's primary address and the bus stop.
- 1.3 The proposed distances above are maximum distances. Every effort will be made to minimize the distance from a student's primary address to the bus stop.
- 1.4 Child Care - Transportation to and/or from a childcare location will be provided if:
  - the student's home address entitles them to transportation. and
  - the alternate address is entitled to receive transportation services from the home school which the student is registered to attend.
- 1.5 Joint Custody - Transportation to and from a second home address, where family shares custody of a student, will be assessed on its own eligibility merit based on the parameters stated above and provided to both addresses if they are eligible.

- 1.5.1 Parent(s)/caregiver(s) are responsible for ensuring that the student(s) are aware of their approved transportation arrangements and designated bus routes
- 1.5.2 Except in approved joint custody situations, transportation arrangements must be consistent five (5) days per week. Changes in pickup or drop-off locations on different days of the week will not be accommodated.

## 2.0 **Courtesy Transportation**

- 2.1 Courtesy seats are made available if there is space on an existing bus route and are administered through an application process.
  - 2.1.1 Requests must be made annually through STSBHN Procedure #017 Courtesy Transportation.
- 2.2 A courtesy seat may be granted if both of the following conditions are met:
  - 2.2.1 A seat is available on the bus.
  - 2.2.2 No additional costs to the run/route are incurred by having the student ride on the bus.
- 2.3 Assignment of courtesy seats will follow a two-stage process.
  - 2.3.1 **Stage 1:** Courtesy applications will be accepted for the next school year when kindergarten registration opens. Applications received before mid-July will be evaluated against the list of priorities, identified in STSBHN Procedure 017. Any applications that are not approved will be placed on a waiting list and re-evaluated in October.
  - 2.3.2 **Stage 2:** Courtesy applications that are received after mid-July will be reviewed as they are received. Any applications that are not approved will be placed on a waiting list and re-evaluated in October.
- 2.4 Requests for temporary or occasional changes to approved transportation shall not be approved. This includes requests to ride with friends, travel to employment, attend social events, or be transported to alternate caregiver locations.
- 2.5 During the school year, courtesy transportation may be withdrawn at any time for any of the following conditions:
  - seating is required for eligible students
  - altering the route is necessary
  - student behaviour is unacceptable
- 2.6 Transportation may be granted for co-op students if the above courtesy transportation criteria are met. As with all schedules, the pickup and drop-off locations must be regular and consistent.
