ANIMALS IN SCHOOLS, INCLUDING STUDENT USE OF GUIDE DOGS, SERVICE DOGS, AND SERVICE ANIMALS

Superintendent Responsible: Superintendent of Education, Specialized Services	Initial Effective Date: 2020/02/24
Last Updated: 2025/11/07	Next Review Date: 2029/11/07

Purpose

To Provide guidelines about animals in schools for educational purposes and to identify the individualized process to be followed when a parent(s)/caregiver(s) or adult student applies to have a guide dog, service dog or service animal accompany the student while the student is attending school or a school-related event.

Guiding Principles

Grand Erie utilizes a variety of placements, differentiated programming, and evidence-based interventions and strategies to provide meaningful access to education for students who have disability-related needs that impact their learning.

1.0 Background

- 1.1 Service Animals have traditionally been highly trained dogs that assist individuals with various tasks of daily living (Guide Dog, Hearing and Signal Dogs, Mobility Assistance Dogs, Seizure Response Dogs).
- 1.2 In most circumstances, a Guide Dog will be a highly trained dog provided to support the orientation and mobility needs of a student Handler who has a diagnosis of blindness/low vision, and the Guide Dog will provide the student Handler with greater independence, dignity and opportunity for integration.
- 1.3 The term Service Animal is used in the Accessibility Standards for Customer Service made under the Accessibility for Ontarians with Disabilities Act (AODA), to describe an animal that assists an individual with a disability to be able to access goods and services available to the public. A school is not a public space and is not generally accessible to the public. The AODA does not apply to a student's use of a Service Dog/Service Animal when accessing education services in school buildings.
 - (a) Pursuant to the Code it is possible that a Service Animal might include different species that provide a therapeutic function (horses), emotional support, sensory function, companionship and/or comfort.
 - (b) The determination of whether the animal is an appropriate accommodation in the school setting to accommodate a demonstrated disability-related learning need is a decision made by the school.
 - Such a decision will consider that animals, other than dogs, are not trained by an Accredited Training Organization and may pose a risk to the safety of students and staff and/or may be disruptive to the learning environment and/or may act as a distraction in the learning environment.
- 1.4 Due to risks to safety, and risks of disruption and distraction in the learning environment, Grand Erie does not permit training of potential guide dogs and service dogs in the school setting or during school activities.

2.0 Roles and Responsibilities

2.1 Principals

- (a) School principals are responsible for the management of the school premises, the staff providing educational programs and the safety of all students.
- (b) A school principal has authority to exclude any animal, including Guide Dogs/Service Dogs and Service Animals, from entry onto school premises and school building(s), as an accommodation for a student, provided that the student is offered appropriate alternative accommodation to meet the student's demonstrated disability-related learning needs.
- (c) School principals, before admitting a Guide Dog/Service Dog into the school or on school related activities with the student Handler, shall require a parent/adult student to submit a completed application, included in Appendix A of the manual.
- (d) Before admitting a Service Animal, the school principal shall require the parent/adult student to submit a completed application, included in Appendix B of the manual.
- (e) On receipt of an application for a Guide Dog/Service Dog or Service Animal, the school principal shall review the application for completeness and may request any additional information or clarification necessary to assess the request for accommodation.
- (f) The school principal shall be responsible for communication with the parent/adult student with respect to the accommodation process, and where approved the implementation and management of the accommodation.
- (g) Where a student supported by a Guide Dog/Service Dog/Service Animal, whose parent is the Handler, seeks only to attend a school excursion with the Guide Dog/Service Dog/Service Animal, which is at a location where the public is customarily admitted, efforts will be made to facilitate the student's participation with the Guide Dog/Service Dog/Service Animal and parent as the Handler. The parent will follow procedures outlined in Procedure SO126 – Volunteers.
- (h) Inquiries may need to be made regarding competing rights and transportation arrangements.

2.2 Parents/Caregivers/Caregivers/Adult Students

- (a) Parents/Caregivers or Adult Students are required to provide all necessary documentation and engage in the consultation process for the purpose of considering and implementing, if appropriate, the request that a Guide Dog/Service Dog accompany the student at school and/or on school-related activities. The parent or adult student shall be responsible for:
 - (i) submission of Appendix A
 - (ii) all costs related to the dog, food, grooming, harness, crate and/or mat and veterinary care

 - (iv) providing confirmation of municipal license for the dog (to be updated annually),
 - (v) providing confirmation of certificates of training not older than 6 months from an Accredited Training Organization attesting that the dog and student Handler have successfully completed training and may safely engage in a public setting without creating a risk of safety or a risk of disruption within a school setting
 - (vi) diagnosis from a registered pediatrician, psychologist, psychiatrist, optometrist or audiologist with a recommendation for the use of a Guide Dog/Service Dog
 - (vii) a description of the services provided by the Guide Dog/Service Dog to the student, and how those services will accommodate the student's disability- related needs and assist the student in achieving their learning goals and/or goals of daily living while at school
 - (viii) a certificate not greater than three (3) months old from a veterinarian qualified to practice veterinary medicine in the Province of Ontario attesting that, the dog is

- an adult; identifying the age and breed; does not have a disease or illness that might pose a risk to humans; has received all required vaccinations; and is in good health to assist the student (to be updated annually)
- (ix) general liability insurance providing coverage in an amount specified by the board in the event of an injury or death as a result of the Guide Dog/Service Dog's attendance on school property or on a school-related activity (to be updated annually)

 - (vii) any such behaviour is grounds to prohibit the Guide Dog/Service Dog's attendance on school property and in the school building
 - (viii) must have control of its biological functions so as not to soil the inside of buildings, or require feeding during the school day
 - (ix) must demonstrate continuous appropriate behaviour with its Handler and others in the school environment to remain eligible for entry in school buildings or school-related events

3.0 Assessment of the Accommodation Request

- 3.1 Once the application and all necessary documentation is received by the school principal, a review will take place by the school team supporting the student and a meeting shall be scheduled to review the accommodation request. Every effort will be made to review the documentation and schedule a meeting in a reasonable timeframe.
- 3.2 A meeting with the school team supporting the student, the parent/adult student and student (as appropriate), the health practitioner recommending the Guide Dog/Service Dog or Service Animal for the student, the trainer of the Guide Dog/Service Dog and of the Handler, and any other individuals who may contribute to the accommodation process may be scheduled to review the request for accommodation.

- 3.3 Each request for a Guide Dog/Service Dog or Service Animal will be addressed on an individual basis, giving consideration to:
- (a) the individual learning strengths and needs of the student, the student's IEP goals, safety plan, behaviour plan and/or student's medical plan of care (if any);

 - (i) the impact of the accommodation on the learning environment for the student, other students, including, health, safety, disruption and distraction
 - (j) any competing human rights of students, staff, and community members using the school pursuant to a permit

- 3.4 The process of accommodation, including inquiries regarding competing rights and notice to the school community, shall respect the student's right to privacy regarding their disability and specific learning needs and/or needs of daily living.
- 3.5 Where the student is not the primary Handler, a Grand Erie staff member must be trained as the Handler(s) and accompany the student and dog at all times. As a result, such requests will be individually considered, in accordance with the duty to accommodate to the point of undue hardship, including consideration of the resources required, alternative accommodations that might meet the student's demonstrated disability-related learning needs and the impact on the staff and other students.

Parents/Caregivers must complete an application for a Service Animal included in Appendix B of the manual.
- (a) The accommodation process following a request by a parent/adult student for a Service Animal shall be consistent with the process noted above but shall also include any special considerations that may arise if an animal is a species other than a dog, including the ability to be trained, necessary biological functions, the capacity for the animal to respond to commands, whether the animal may be kept on a leash/harness/crate/mat and how such restrictions might impact accommodation.

7.0 FOOD AREAS

- 7.1 Regulation 493/17, of Ontario's Health Protection and Promotion Act, allows Guide Dogs and Service Animals in areas where food is served, sold, and offered for sale. Steps should be taken to ensure that Guide Dogs and Service Animals in school cafeterias, or areas where students are consuming food, are not disruptive and do not eat student food.
- 7.2 No animals are allowed in areas where food is prepared, processed, or handled such as the kitchen of the school cafeteria or the hospitality classroom.

- 8.1 Animals in schools refer to general animals brought into the school on an individualized basis to support or enhance educational programming. The study of specific animals and their habitats may take place in classrooms or in whole school presentations.
- 8.2 It is essential that all animals be properly cared for and their habitats well maintained during school days. In the majority of cases, animals will not be left at the school on weekends. Animals will not be left at school over breaks and holidays.
- 8.3 Teachers must obtain approval from the Principal and create a plan to ensure the safety of students, staff and the animal while it is at school.
- 8.4 The following checklist must be reviewed before bringing an animal into a school or classroom:
- Do students or staff have any allergies to certain types of animals?
 - Are there any students or staff fearful of a certain type of animal?
 - Are there religious beliefs that may impact on the presence of a living thing in a classroom or school?

ON SCHOOL LETTERHEAD

Dear Parent/Caregiver or Adult Student

I am writing to communicate the decision regarding your request that your child/you attend school with a Guide Dog/Service Dog to provide accommodation for disability-related learning needs/acts of daily living.

I wish to confirm approval of your request.

As we have discussed, your/your child's ability to perform the responsibilities of a Handler, and assessment of benchmarks established for evaluating the effectiveness of the Guide Dog/Service Dog/Service Animal in meeting your/your child's accommodation needs will take place on a regular basis, not less than once per school year.

You will be responsible for ensuring that the Guide Dog/Service Dog/Service Animal is groomed, has a vest or harness and crate [if necessary], as well as a water bowl. All costs associated will be your responsibility.

If concerns arise regarding the integration of the Guide Dog/Service Dog into the school community and your/your child's class(es), a meeting will be scheduled to review how the issues might be resolved.

In the event that the Guide Dog/Service Dog engages in behaviour that is distracting, disruptive or aggressive, including making noise, failing to follow commands, growling or nipping, you/your child/the Handler will be required to remove the Guide Dog/Service Dog from the classroom immediately and you will be required to arrange for the Guide Dog/Service Dog to be removed from the school. In such a case, alternative options for accommodation will be reviewed.

Sincerely,

Principal

Dear Parent/Caregiver or Adult Student

I am writing to communicate the decision regarding your request that your child attend school with a Guide Dog/Service Dog/Service Animal to provide accommodation for disability-related learning needs/acts of daily living.

I wish to communicate that your request is being denied.

As we have discussed, your child is not able to perform the responsibilities of a Handler [and/or the Service Animal is not trained and may be disruptive or a distraction in the school environment], and reasonable alternative accommodations that respect your child's dignity, encourage independence and facilitate integration are available to support your child's learning needs and access to meaningful educational services.

This decision is not subject to appeal; however, if you wish to discuss the alternative accommodation measures available to support your child while at school, please contact me to arrange for a meeting.

Sincerely,

Principal
