Education Centre Boardroom

MINUTES

- Consolidation Project (Scope, business plan, future growth)
The planned expenditures at Elgin Public School will address required facility renewal (which has been deferred since the project's onset in 2017), the essential expansion of Early Years Services, and the provision of additional pupil places.
- West Lynn Student Growth
There was an increase in enrolment at West Lynn this year above projections. The board will respond to growth accordingly and short-term projections indicate Elgin Public School can support the entire growth slated for both its boundary as well as the existing West Lynn boundary.

In response to a question, it was noted that there will be approximately six to seven portables to accommodate the growth at West Lynn Public School during the renovation at Elgin Avenue Public School.

RE: **Student Senate Report**

DATE: March 25, 2024

Student Senate enables student leaders to connect, creating and developing core values for the future of education. This past month, the Student Trustees hosted the 2nd Student Senate meeting of the 2023-24 school year on February 15, 2024, at Hagersville Secondary School.

The day began with elections for the 2024-25 Student Trustees. In preparation for elections, Student Trustees coordinated school visits with respective senators and councils. Student Trustees Baker, Gayowsky, and Skye visited McKinnon Park Secondary School, Waterford District High School, and Delhi District High School in January. Student Trustees had the opportunity to interact with students, answer questions about the role of student trustee, and learn about some of the issues faced by secondary students. Election information was also promoted through the Senate's Instagram.

At the Student Senate, there was a historic number of candidates for the student trustee position. There were two (2) Indigenous candidates, nine (9) from the South and five (5) from the North. Candidates had the opportunity to speak to senators, displaying tremendous amounts of leadership and ambition. The Student Trustees were incredibly grateful that Grand Erie students were so willing to learn, lead, and inspire. Election results were announced at the February 2024 Board meeting and were posted to the Senate's Instagram.

Following the elections, student senators moved into their working groups: environmentalism, student mental health and well-being, and student voice. Each working group discussed initiatives and concerns, building on the foundations laid in November 2023.

Student Trustee Gayowsky led the Student Voice Working Group, where various ideas were discussed, and project updates were announced. Students were advised of the reduction in School Cash online fees to families from 4% to 2%, a concern brought forward by students earlier in the year. Students also shared and discussed washroom accessibility and the availability of menstrual products. Senators were very excited to continue working on the Senate's social media presence and want to collaborate to create posts about multiculturalism and days of significance. The Student Voice Working Group will continue to communicate and collaborate, looking at ways to use social media to help support Grade 8 to 9 student transitions, promote equity and diversity and amplify student voices.

Student Trustee Skye led the Environmental Working Group, fostering new ideas and continuing to work on current projects. The group discussed the importance of removing plastic water bottles from schools, as single-use plastic can harm the environment. The group also discussed creating signage for garbage cans and composting bins, and those signs were delivered to secondary schools following the Student Senate. These signs will ensure that students are eco-conscious and informed of the recycling policies. Senators are excited to

continue working together to make schools an even greener place and are collaborating to look into additional resources to support recycling and environmentalism in schools.

The Mental Health and Well-being Working Group, led by Student Trustee Baker, started their breakout session by discussing the results of the Cafeteria Price survey, which received feedback from over 10% of secondary students. The group discussed what steps they could take next to further improve nutrition within schools. Students also discussed ways to support mental health and how to reach students who are uncomfortable asking for resources. Ideas such as mental health surveys, Individualized Education Plan (IEP) information sessions, and student panels were brought forward as ways raise student advocacy and awareness. Student Trustee Baker also talked about the importance of "Talking Locker," where students can anonymously submit concerns. The group is excited to continue moving forward and ensuring students have enhanced resources for both physical and mental health.

All working groups plan to continue to meet virtually and communicate to discuss and develop their initiatives. Updates will be provided to the Board.

The next Student Senate meeting will be on April 25, 2024, and planning for this event is underway. We are pleased to continue working with the student body, who continue to learn, lead, and inspire.

Respectfully submitted,

M. Baker, Student Trustee – South
K. Gayowsky, Student Trustee – North
A. Skye, Student Trustee – Indigenous

RE: **Major Construction Project Report**
DATE: March 25, 2024

Background

As per Grand Erie District School Board’s (Grand Erie’s) Major Construction Policy (FA-01), the status of each active capital project will be provided in a bi-monthly report. As per policy, this report shall include budgeted and actual costs to date, details of project progress and schedule for completion. A funding strategy will be recommended should forecasted expenditures for a project exceed the budget established.

Status

Caledonia Joint-Use Elementary School

The project has received Ministry approval to proceed, and the tender has been released. The project team is anticipating awarding the general construction contract in late April.

South-West Brantford Joint-Use Elementary School

The approval to proceed to tender was submitted to the Ministry in early December.

Elgin Avenue Public School Addition and Renovation

The project has been submitted to the Ministry to obtain approval to proceed to tender.

All active project details are listed in Appendix A.

Grand Erie Multi-Year Plan

This report supports the Belonging indicator of Learn Lead Inspire and the following statement: we build a culture of belonging to support an equitable, inclusive, and responsive environment for each learner.

Respectfully submitted,

Grand Erie District School Board

TO: JoAnna Roberto, Ph. D., Director of Education & Secretary of the Board
FROM: Rafal Wyszynski, Superintendent of Business & Treasurer
RE: **Board Approved Transportation Review**
DATE: March 25, 2024

Recommended Motion: Moved by _____ Seconded by _____
THAT the Board approve the transportation route exceptions listed in the Board Approved Transportation Review report for the 2024-25 School Year.

1.0 Background

Student Transportation Services of Brant Haldimand Norfolk (STSBHN) is in the process of developing parameters and reviewing current bus information for the purposes of planning bus routes for the upcoming 2024-25 school year. STSBHN performs a comprehensive review of scenarios that fall outside of [STSBHN Procedure 002 Transportation Eligibility](#) as a regular part of the planning cycle. In previous years, STSBHN has brought information forward to the Board of Trustees with the objective of approving which students, who are otherwise ineligible for services under the transportation policies and procedures, should be provided exceptions for the upcoming school year.

The student groupings listed below do not meet the defined transportation eligibility requirements and have had exception boundaries approved by the Board of Trustees in previous years. Unlike previous years where a travel code of “Board Approved” was used to identify these otherwise ineligible students, STSBHN has migrated to the exception boundary system which allows families checking their eligibility online to see if they qualify for services that have been approved by the board. STSBHN requires confirmation from the board that the currently approved exception boundaries are still warranted in order to plan for services scheduled to be delivered in the 2024-25 school year. A summary of the forecasted expenses for the coming school year is included in Appendix A.

2.0 Out-of-Boundary Students

2.1 Norfolk Secondary

There are several Norfolk secondary students who have registered at a secondary school which is not their home school. Many of these students, totaling 217, have been provided transportation in the current school year.

STSBHN requires confirmation of the previously approved method of classifying students to accurately and consistently plan and apply transportation services to the secondary students of Norfolk County:

- i) All Grade 9 and 10 students, as program delivery are similar at each secondary school, must request courtesy transportation if they reside out of their school’s catchment.
- ii) Students in Grades 11 and 12, whose home school does not have the course selection that the student needs, will be provided board approved transportation to the closest secondary location which does offer the course(s) – where routes currently exist; courtesy transportation will be the path for all other requests.

2.2 Oakland-Scotland to Waterford District High School Express Route

Secondary students who reside in the Oakland-Scotland Public School (OSS) catchment have historically been approved to receive transportation services to Waterford District High School (WDS) even though they do not fall within the school's catchment. The feeder secondary school for OSS is Paris District High School (PDH). Approval in the past was due to the proximity of WDS to OSS and to reduce accommodation pressures at PDH. If the above-mentioned reasons are not foreseen to change, a modification to secondary boundaries may want to be considered to include OSS's area into WDS and remove it from PDH.

Table 1: Estimated Transportation Costs for Norfolk Secondary Out of Boundary Students

Description	Grade				Total Students	Route Type	Transfer Point	Estimated Cost Difference
	9	10	11	12				
OSS to WDS	12	8	5	17	42	Express (1)	OSS	-\$2,835.38
other areas to WDS	9	9	7	4	29	Express (2)	LAK, SCS	\$9,824.66
other areas to VHS	15	14	10	8	47	Express (2)	WAL, COU	\$5,174.24

2.3 Caledonia to Cayuga Secondary Express Route

The following students have been transported for the current school year from the catchment of McKinnon Park Secondary School (MCK) to Cayuga Secondary School (CSS). This solution was established to offer students an alternative school of attendance with the goal of reducing accommodation pressures at MCK.

Table 2: McKinnon Park Students transported to Cayuga Secondary

Description	Grade				Total Students	Route Type	Transfer Point	Estimated Cost Difference
	9	10	11	12				
Students in MCK catchment who attend CSS	9	7	2	8	26	Express (1) and Dedicated (1)	St. Patrick	\$12,730.73

2.4 Students attending River Heights

The current River Heights Public School (RHS) Regular Track boundary does not encompass all of the urban area in Caledonia, south of the Grand River; there is a section of a subdivision on the south end of the town which falls within the catchment of Oneida Central Public School (ONE). In this section of the subdivision, 12 students currently attend RHS, 7 of whom receive transportation services.

As students reside beyond 1.6 KM to either school, the cost to continue to transport the RHS is marginally less as RHS is closer to that section of Caledonia than ONE. Another item of consideration is that Oneida is currently over capacity and may require additional portable classrooms to accommodate additional students.

Table 3: Oneida catchment students attending River Heights

Description	Grade					Total Students	Route Type	Estimated Cost Difference
	Elementary	9	10	11	12			
Students in ONE catchment who attend RHS	12	0	0	0	0	12	Dedicated (1)	-\$2,390.36

2.5 Out of Boundary Students attending Houghton Public School

Houghton Public School (HOU) offers a unique educational curriculum model which has drawn the attendance of many low-German Mennonite families. Due to the proximity of HOU to other elementary transfer locations, assisting families who reside out of the school’s catchment can be a challenge. HOU currently has 81 students registered at their school who reside out of the school’s boundary, 58 of whom are being provided transportation services. To facilitate the provision of economical and efficient services, these students have historically been required to transfer at points well outside of their home catchment. Although originally designed to accommodate families residing in adjacent schools to HOU, STSBHN has noticed the area covered in this exception increase over time.

STSBHN is looking to confirm that:

- the HOU students are permitted to be transported to and from the elementary transfer sites,
- the practice of multiple transfers occurring is also permitted, and that
- STSBHN can place additional routes in operation if the current routes do not have sufficient room to accommodate requests.

If these historic practices are not approved to continue, clarification on the service parameters which are to be provided to the out of boundary students, is required.

Table 4: Out of Boundary Students attending Houghton

Description	Grade					Total Students	Route Type	Estimated Cost Difference
	Elementary	9	10	11	12			
HOU students who reside out of boundary	81	0	0	0	0	81	Express Routes (4)	\$ -

3.0 Out of District Students

3.1 Norwich/Otterville/Burgessville students attending Delhi District Secondary School

When the local secondary school in Norwich was closed as a result of an accommodation review, the Board of Trustees approved the transportation of students from the area who were interested in attending Delhi District Secondary School (DDS). Currently there are 160 students out of district, of which 141 students are being provided transportation services. STSBHN requires confirmation that these services are to continue and if additional routes are required to accommodate enrollment pressure, STSBHN be permitted to incur expense of additional routes if no other options are available.

Table 5: Norwich/Otterville area students transported to Delhi District Secondary School

Description	Grade					Total Students	Route Type	Estimated Cost Difference
	Elementary	9	10	11	12			
Oxford Students to DDS	0	36	43	33	48	160	Dedicated (2) and Shared (1)	\$177,293.36

3.2 Princeton/Drumbo/Wolverton students attending Paris District High School

Historically students from Princeton, Drumbo, Wolverton and the surrounding rural areas have been provided transportation services to and from Paris District High School (PDH). Of the 57 students in the area, 45 are being provided transportation from their home if they reside in the rural areas east of Princeton Rd. or have been provided a seat

on the group pickup locations in one of the three towns. To ensure a reasonable length of time on the bus, two routes are used to provide services to these students.

Table 6: Princeton/Drumbo/Wolverton area students transported to Paris District High School

Description	Grade					Total Students	Route Type	Estimated Cost Difference
	Elementary	9	10	11	12			
Oxford Students to PDH	0	9	20	14	14	57	Shared	\$66,283.09

3.3 Tillsonburg students travelling through Courtland Public School transfer

Historically there has been a demand from students residing in the town of Tillsonburg to attend schools within our district. Although the location has changed throughout the years, transportation has been arranged from a central location on the east side of Tillsonburg to bring students into the Courtland Public School (COU) transfer; the current stop is located at Gigi’s Café (on Simcoe St). Currently there are 31 students in the area, 16 of whom are using transportation services. Although the cost to extend the bus in the area results in a marginally higher daily cost for the service, capacity on the bus has been an issue in previous school years.

STSBHN is looking to confirm that:

- students are permitted to be transported to and from the COU transfer site, AND
- additional routes can be added if the current routes that service the area do not have sufficient room to accommodate requests from the Tillsonburg area.

Table 7: Out of District Students attending Courtland Public School, Houghton Public School and Valley Heights Secondary School

Description	Grade					Total Students	Route Type	Estimated Cost Difference
	Elementary	9	10	11	12			
Tillsonburg students via COU transfer	5	5	2	7	12	31	Shared	\$871.03

4.0 Specialized Programs

4.1 Section 23 Students – Woodview Program

STSBHN currently assists 9 students with transportation who have been identified as attending classes through the Woodview program at Pauline Johnson Collegiate. STSBHN currently accommodates students by using existing routes and changing their route path to allow the vehicles to assist students in getting to and from the Woodview programs. Where an existing route is not available, STSBHN utilizes taxi services.

STSBHN requires clarification as to if these same services will be provided for the coming school year.

Table 8: Section 23 Student Transportation

Description	Grade					Total Students	Route Type	Estimated Cost Difference
	Elementary	9	10	11	12			
Section 23 Students to PJC	0	3	3	2	1	9	Dedicated (1) and Shared (5)	\$8,058.98

Additional information

Due to the high reliance on transfers within our district, the exceptions listed above often result in longer ride times for students and may place supervision pressures on schools supervising the transferring of bused students.

The above information is intended to bring to light exceptions to the normal routing and transportation practices of STSBHN. By clarifying and building the expectations of the board into the route planning software, STSBHN can provide clarity to the schools, parents/caregivers, and students as to what services will be made available in the coming school year.

Respectfully submitted,

Rafal Wyszynski
Superintendent of Business & Treasurer

The Honourable Stephen Lecce, Minister of Education

315 Front Street West, 14th Floor
Toronto, ON, M7A 0B8

Dear Minister Lecce,

At its meeting on November 27, 2023, the Board of Trustees for the Waterloo Region District School Board (WRDSB), agreed to write to you to express support for the Thames Valley District School Board letter dated November 7, 2023 regarding Ministry Timelines.

The letter kindly requested that staff be given as much time as possible to complete the submission process of the Capital Priorities Program in the future given the request for additional upfront information and competing priorities for staff.

The letter also requested that the timing of the Grants for Student Needs (GSN) announcement return to pre-pandemic timing of late March, or earlier, to allow Boards to plan appropriately for the upcoming budget year. With staffing related deadlines in early spring, a GSN release that is later than March becomes extremely problematic and reduces the flexibility to adapt to any funding changes.

Finally the letter echoed the sentiments of other school boards, which are having challenges implementing curriculum updates within the given timelines.

The WRDSB supports the above timeline recommendations and respectfully requests the Ministry of Education consider these recommendations for the WRDSB and other Ontario public school boards.

Sincerely,

The Honourable Stephen Lecce, Minister of Education

Dear Minister Lecce,

At its meeting on November 27, 2023, the Board of Trustees for the Waterloo Region District School Board (WRDSB), agreed to write to you to express support for the Thames Valley District School Board letter dated November 22, 2023 regarding Mental Health Supports.

Like Thames Valley District School Board, the WRDSB is concerned regarding the pressure on the Board to address student mental health challenges and sees the impact of decreased resources for community mental health organizations.

The WRDSB would also like to see “greater conversation about how all levels of government can work together to better balance and fund community-based mental health support services, so that all the organizations, including school boards, can work together for the benefit of children, youth and families.”

Sincerely,

Dear Susan Gibson and GEDSB Trustees

As an advocate for environmental education and stewardship, the Brant Waterways Foundation is writing to urge the GEDSB to work with the Grand River Conservation Authority (GRCA), Province, and municipalities to explore avenues for sustaining outdoor education programming at our local Nature Centres.

The significance of these facilities within our communities cannot be overstated. They serve as integral hubs for fostering environmental awareness, engagement, and education. In the wake of declarations of climate emergencies by numerous municipalities across the Grand River watershed, we recognize the pressing need for strategic actions to address the escalating impacts of climate change and believe that one such action is educating children within our community.

The Nature Centre at Apps' Mill, nestled along the cold-water tributary of Whiteman's Creek, stands as a critical reference point in understanding the ramifications of climate change. Beyond its role as an educational institution, is a vital trout habitat, which has been threatened by diminishing water levels in recent years. The immersive, hands-on learning experiences offered by Apps' Mill leaves an indelible impact on students, fostering a profound sense of environmental fragility and stewardship that transcends traditional classroom settings.

Acknowledging the challenges arising from changes at the provincial level, including funding shortfalls for the GRCA and heightened pressures on municipalities and school boards, the Brant Waterways Foundation implores you to consider all opportunities to sustain funding for these pivotal programs within our existing Nature Centres. We firmly believe that prioritizing these centres aligns with our shared goals of fostering environmental consciousness and ensuring a sustainable future for our youth.

We eagerly anticipate your thoughtful consideration and proactive engagement in this matter. Together, let us continue our commitment to preserving these invaluable institutions for the betterment of our communities and the environment.

Respectfully submitted on behalf of the Brant Waterways Board of Directors,

Dear Prime Minister Trudeau,

At its meeting on January 29, 2024, the Board of Trustees for the Waterloo Region District School Board (WRDSB), agreed to write to you to express support for the Bluewater District School Board letter dated January 16, 2024 regarding gambling advertisements.

The letter shared a number of concerns regarding gambling:

- The proliferation of gambling advertising, particularly during sports telecasts, has resulted in an alarming number of children and young adults becoming addicted to gambling;
- Gambling can lead to significant harm, including runaway debt, stress to families, low self-esteem, anxiety, depression, and even suicide;
- Statistics Canada has estimated that 1.6% of adult gamblers, more than 300,000 Canadians, are at moderate to high risk of gambling disorders; and much information on the insidious result of these advertisements can be found at BanAdsForGambling.ca;

The WRDSB's Multi-Year Strategic Plan has a focus on support for student well-being, as such, the WRDSB supports a legislative ban on advertisements for gambling in Canada in all media and respectfully requests the federal government consider this recommendation.

Sincerely,
